

## **Bolloré Solutions Logistiques (BSL) acquires the Healthcare subsidiary of STEF Group in Strasbourg**

On 26 February 2024, Bolloré Solutions Logistiques (BSL), a subsidiary of Bolloré Logistics, specialising in contract logistics, announced its acquisition of STEF Logistique Santé (SLS). This operation enables BSL to expand its "Contract Logistics" service and to strengthen its expertise in the pharmaceutical industry.

SLS employs 85 people at three different sites in Strasbourg (Port du Rhin). In addition to its logistics business, SLS is also involved in supplying specific packaging for pharmaceutical products.

Through this transaction, BSL has acquired a total surface area of around 13,000 m<sup>2</sup> at controlled temperatures of +2°/+8°C, +15°/+25°C and -20°C.

BSL now operates over 85,000 m<sup>2</sup> of warehousing space in France, including a 10,000 m<sup>2</sup> temperature-controlled logistics facility in Alsace, built in 2021 at Strasbourg Entzheim airport. From this location, BSL provides high value-added services for pharmaceutical product flows and logistics operations, including the handling of air and sea export flows.

*"The acquisition of STEF Logistique Santé is part of a twofold approach, encompassing our Contract Logistics growth strategy as well as our drive to enhance our service offering in the Healthcare sector. We are thrilled to have been able to conclude this deal, enabling us to offer comprehensive solutions to our customers in a rapidly growing sector",* said Laurent Foloppe, CEO of Bolloré Solutions Logistiques.

### **About Bolloré Solutions Logistiques (BSL)**

Bolloré Solutions Logistiques is a wholly owned subsidiary of Bolloré Logistics specialising in contract logistics. Since 2020, BSL has been developing in the Lyon region (Genas), in Alsace (Entzheim), in Orleans and at several sites in the Provence-Alpes-Côte d'Azur region. Today, BSL has more than 100 employees spread over its various sites. Using its expertise, BSL assists all its customers, regardless of their sector, in their warehousing and distribution projects.
